Pop Division

About

Pop Division is a live act built around the history of the boy band era, covering songs made famous by the Jackson 5, N'Sync, Backstreet Boys, Boyz 2 men, The Bee Gees, The 4 Seasons, One Direction, and more. The show reaches across the major decades of the boy band craze, with a set designed to recognize the biggest groups and songs from each era.

The live presentation includes full production lighting, sound, choreography, and harmonies, giving buyers a clear, format-driven show rather than a standard cover set. The focus is on familiar material, staged performance, and the look and feel associated with boy band pop.

Pop Division is positioned for upscale events looking for a themed live act with broad recognition and built-in nostalgia. The show leans into the era of frosted tips, bleached blonde hair, muscle-clad heartthrobs, and the songs people have been singing with their best friends since they were kids.
