Pre-Existing Condition

About

Pre-Existing Condition is a Los Angeles classic rock cover band that plays the songs you crank up in the car and sing at the top of your lungs. Fronted by Scottish lead singer Kieron Elliott, the band brings big riffs, full-throttle vocals, and a sense of humor to a set that runs from AC/DC to Led Zeppelin.

A Pre-Existing Condition show can go from the funk of Stevie Wonder's "Superstition" to the swagger of Aerosmith's "Walk This Way" and the heavy stomp of Black Sabbath's "War Pigs." The band digs into the catalog for songs like The Police's "Synchronicity II" and Led Zeppelin's "The Ocean," alongside the big crowd singalongs.

From the Viper Room on the Sunset Strip to outdoor concerts in Simi Valley, Pre-Existing Condition brings the same live energy to a packed club or an open-air stage. The band's skeleton doctor mascot Dr. John Bone'em gives the name a face, but the prescription is simple. Turn it up and sing along.
