SLAVE

About

SLAVE has performed at venues across the globe and locally, including Dane Dance in Madison, WI, the Kentucky County Fair, Horseshoe Casino in Hammond, Hard Rock Casino in Indiana, Arcada Theater, Washington Park, Festival of Life, and The Yellow Box, along with other national venues.

For production, SLAVE works closely with sound engineers and provides a professional stage plot that is easy for stage crews to read. The band also has a dedicated person to coordinate with your team to help deliver premium sound.

If needed, SLAVE can bring a concert mixing system on wheels that plugs directly into your system. This helps reduce soundcheck time and gives your sound engineer a solid starting point.

SLAVE approaches each event as a team player and works to support a smooth show from load-in through performance, with a professional experience for your fans.
