Super Soul Groove

About

Super Soul Groove is a Southern California high-energy dance party band built around a large-format set of hits from artists including Michael Jackson, Whitney Houston, Prince, Bruno Mars, Donna Summer, Drake, James Brown, Parliament Funkadelic, Beyonce, Earth Wind & Fire, The Commodores, The Temptations, Mariah Carey, Aretha Franklin, Stevie Wonder, and more.

The band was formed as a fun musical project for players who wanted to perform the upbeat, funky soul and dance songs they grew up with in clubs and on the college scene. Their set draws from Disco, Funk, Classic Soul, and Current R&B Dance, covering popular chart hits from the last five decades.

Onstage, SSG features multiple lead singers and a horn section, giving the show a big live-band sound. The musicians in the group have either toured with national acts or done session work with West Coast recording artists.

For buyers looking for a broad, dance-focused live set, Super Soul Groove delivers familiar party material from yesterday and today with a repertoire built to keep the floor moving.
