The Flux Capacitors

The Flux Capacitors

About

The Flux Capacitors are a Back to the Future-themed 80s and 90s party band based in the US. They are the only band in the world officially recognized by NBCUniversal, and by the cast and crew of the Back to the Future trilogy.

The lineup features Marty McFire on frontman duties, Doc Rock on guitar, Jeffiner Pusker on bass, Biff Tensor on saxophone, George McFire on drums, and The Hoverlord on synthesizer.

Their live show is built around the look and spirit of the iconic films, paired with 80s and 90s party anthems. For buyers seeking a theme-driven specialty act with a clearly defined concept, the band offers a Back to the Future-inspired stage show anchored by a full named lineup.

Short bio

The Flux Capacitors are a Back to the Future-themed 80s and 90s party band, featuring frontman Marty McFire, Doc Rock on guitar, saxophone, synthesizer, bass, and drums. Their stage show is inspired by the films and built around party anthems from both decades.
