About

Weird Science brings the sound and style of 80s synth-pop and new wave to the stage. Based in Fort Wayne, Indiana, the act performs music from the early MTV era, spanning new wave, synth-pop, post-punk, and alternative artists.

The repertoire includes songs from The Cure, Depeche Mode, New Order, Duran Duran, Tears for Fears, Soft Cell, INXS, U2, Talking Heads, The Cars, Billy Idol, A Flock of Seagulls, The Police, and more.

The show combines synth sounds, electronic rhythms, guitars, dynamic vocals, and retro style. Weird Science fits packed clubs, downtown festivals, outdoor concert series, private events, and larger stages.

For buyers looking for an 80s-focused live music experience, Weird Science delivers familiar songs and a clear New Wave identity.
